

Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: California State University, Bakersfield
2022-2023 General Catalog, Semester

From: San Jose City College
2022-2023 General Catalog, Semester

Computer Science

GENERAL INFORMATION

This articulation agreement displays lower-division course requirements specific to the major. Students should always contact an academic advisor about degree requirements for their baccalaureate major.

ABOUT THE MAJOR

Computer Science is a constantly evolving discipline. To quote the Association for Computing Machinery, "Computer Science is not simply concerned with the design of computing devices-nor is it just the art of numerical calculation. Computer Science is concerned with information in much the same sense that Physics is concerned with energy; it is devoted to the representation, storage, manipulation, and presentation of information in an environment permitting automatic information systems."

The Computer Science major at CSUB has three pathways that lead to a B.S. in Computer Science:

- **Traditional Computer Science** program follows the guidelines recommended by the Association for Computing Machinery (ACM) and the Accreditation Board for Engineering and Technology (ABET).
- **Computer Information Systems concentration** is intended for training application programmers or for those who wish to apply computer science in another discipline.
- **Information Security concentration** is intended for students who wish to pursue a career in information assurance and security, either with government agencies or with industry. Students in the three pathways will take different advanced courses of their choice. A Computer Science minor is also offered.

The Computer and Electrical Engineering and Computer Science Department moved into a new building in the Fall of 2008. The department administers its own local area network which includes multiple Unix/Linux servers, two software programming labs, a walk-in lab/tutoring center, one advanced workstation lab, an isolated network lab, an AI/visualization lab, a DSP/communications lab, one digital electronics hardware lab, a power systems/electronics lab, and a robotics/control systems lab. There is also a departmental library/major study room available to students.

An important goal of the department is to enable students to work much more closely with faculty than they would be able to at larger universities. A detailed description of student learning goals and objectives can be found at <https://www.cs.csub.edu/abet/>.

For additional information, visit the [Department of Computer & Electrical Engineering and Computer Science](#).

IMPORTANT NOTE

A modification to the standard GE program has been approved that allows the possibility of satisfying some GE requirements through the major. Please see the Computer Science General Education Courses and Notes in the **CSUB catalog** for further information.

MAJOR IN COMPUTER SCIENCE

All courses in this section are required

CMPS 2010 - Programming I: Programming Fundamentals (4.00) ← No Course Articulated

CMPS 2020 - Programming II: Data Structures and Algorithms (4.00) ← No Course Articulated

CMPS 2120 - Discrete Structures (4.00) ← **MATH 070** - Discrete Mathematics (4.00)
--- Or ---
MATH 080 - Discrete Structures for Computer Science (3.00)

CMPS 2240 - Computer Architecture I: Assembly Language Programming (4.00) ← No Course Articulated

MATH 2310 - Single Variable Calculus I for Engineers (4.00) ← No Course Articulated

--- Or ---

MATH 2510 - Single Variable Calculus I (4.00)	←	MATH 071 - Calculus I with Analytic Geometry (5.00)
MATH 2320 - Single Variable Calculus II for Engineers (4.00)	←	No Course Articulated
--- Or ---		
MATH 2520 - Single Variable Calculus II (4.00)	←	MATH 072 - Calculus II with Analytic Geometry (5.00)
PHYS 2210 - Calculus-Based Physics I (4.00)	←	PHYS 004A - General Physics (5.00)
PHYS 2220 - Calculus-Based Physics II (4.00)	←	PHYS 004B - General Physics (5.00)
Select 1 Course(s) from the following		
BIOL 1009 - Perspectives in Biology (3.00)	←	No Course Articulated
--- Or ---		
BIOL 1039 - Principles of Ecology (3.00)	←	No Course Articulated
--- Or ---		
BIOL 2010 - Introductory Biology - Cells (4.00)	←	BIOL 004A - General Principles and Cell Biology (5.00)
--- Or ---		
CHEM 1000 - Foundations of Chemistry (3.00)	←	CHEM 001A - General Chemistry (5.00)
--- Or ---		
GEOL 2010 - Physical Geology (4.00)	←	<div> GEOL 010 - Physical Geology (3.00) </div> <div> --- And --- </div> <div> GEOL 010L - Physical Geology Laboratory (1.00) </div>
--- Or ---		
MATH 2200 - Introduction to Statistical Concepts and Methods (4.00)	←	MATH 063 - Elementary Statistics (3.00)
--- Or ---		
MATH 2533 - Multivariable and Vector Calculus (4.00)	←	MATH 073 - Multivariable Calculus (5.00)
--- Or ---		
MATH 2540 - Ordinary Differential Equations (4.00)	←	MATH 078 - Differential Equations (4.00)
--- Or ---		
MATH 2610 - Linear Algebra I (4.00)	←	MATH 079 - Linear Algebra (3.00)
--- Or ---		
PHYS 2230 - Calculus-Based Physics III (4.00)	←	PHYS 004C - General Physics (5.00)
--- Or ---		
SCI 1409 - Introduction to Scientific Thinking (3.00)	←	No Course Articulated

CONCENTRATION IN COMPUTER INFORMATION SYSTEMS

All courses in this section are required		
CMPS 2010 - Programming I: Programming Fundamentals (4.00)	←	No Course Articulated
CMPS 2020 - Programming II: Data Structures and Algorithms (4.00)	←	No Course Articulated
CMPS 2120 - Discrete Structures (4.00)	←	MATH 070 - Discrete Mathematics (4.00)
--- Or ---		
MATH 080 - Discrete Structures for Computer Science (3.00)		
CMPS 2680 - Web Programming I (3.00)	←	No Course Articulated

MATH 2200 - Introduction to Statistical Concepts and Methods (4.00)

MATH 063 - Elementary Statistics (3.00)

MATH 1030 - College Algebra and Trigonometry, Dual Credit Program (3.00)

No Course Articulated

--- Or ---

MATH 1040 - Precalculus I and II Combined (6.00)

MATH 025 - Precalculus Algebra and Trigonometry (6.00)

--- Or ---

MATH 1050 - Precalculus I (4.00)

--- And ---

MATH 1060 - Precalculus II (4.00)

MATH 021 - Precalculus Algebra (4.00)

--- And ---

MATH 022 - Trigonometry (3.00)

CONCENTRATION IN INFORMATION SECURITY

All courses in this section are required

CMPS 2010 - Programming I: Programming Fundamentals (4.00)

No Course Articulated

CMPS 2020 - Programming II: Data Structures and Algorithms (4.00)

No Course Articulated

CMPS 2120 - Discrete Structures (4.00)

MATH 070 - Discrete Mathematics (4.00)

--- Or ---

MATH 080 - Discrete Structures for Computer Science (3.00)

CMPS 2240 - Computer Architecture I: Assembly Language Programming (4.00)

No Course Articulated

MATH 2310 - Single Variable Calculus I for Engineers (4.00)

No Course Articulated

--- Or ---

MATH 2510 - Single Variable Calculus I (4.00)

MATH 071 - Calculus I with Analytic Geometry (5.00)

MATH 2320 - Single Variable Calculus II for Engineers (4.00)

No Course Articulated

--- Or ---

MATH 2520 - Single Variable Calculus II (4.00)

MATH 072 - Calculus II with Analytic Geometry (5.00)
