Articulation Agreement by Major

Effective during the 2022-2023 Academic Year

To: California State University, Bakersfield 2022-2023 General Catalog, Semester From: Canada College 2022-2023 General Catalog, Semester

Computer Science

GENERAL INFORMATION

This articulation agreement displays lower-division course requirements specific to the major. Students should always contact an academic advisor about degree requirements for their baccalaureate major.

- Academic Advising Student Centers

ABOUT THE MAJOR

Computer Science is a constantly evolving discipline. To quote the Association for Computing Machinery, "Computer Science is not simply concerned with the design of computing devices-nor is it just the art of numerical calculation. Computer Science is concerned with information in much the same sense that Physics is concerned with energy, it is devoted to the representation, storage, manipulation, and presentation of information in an environment permitting automatic information systems."

The Computer Science major at CSUB has three pathways that lead to a B.S. in Computer Science:

- Traditional Computer Science program follows the guidelines recommended by the Association for Computing Machinery (ACM) and the Accreditation Board for Engineering and Technology (ABET).
- Computer Information Systems concentration is intended for training application programmers or for those who wish to apply computer science in another discipline.
- Information Security concentration is intended for students who wish to pursue a career in information assurance and security, either with government agencies
 or with industry. Students in the three pathways will take different advanced courses of their choice. A Computer Science minor is also offered.

The Computer and Electrical Engineering and Computer Science Department moved into a new building in the Fall of 2008. The department administers its own local area network which includes multiple Unix/Linux servers, two software programming labs, a walk-in lab/tutoring center, one advanced workstation lab, an isolated network lab, an Al/visualization lab, a DSP/communications lab, one digital electronics hardware lab, a power systems/electronics lab, and a robotics/control systems lab. There is also a departmental library/major study room available to students.

An important goal of the department is to enable students to work much more closely with faculty than they would be able to at larger universities. A detailed description of student learning goals and objectives can be found at https://www.cs.csub.edu/abet/.

For additional information, visit the Department of Computer & Electrical Engineering and Computer Science.

IMPORTANT NOTE

A modification to the standard GE program has been approved that allows the possibility of satisfying some GE requirements through the major. Please see the Computer Science General Education Courses and Notes in the **CSUB catalog** for further information.

MAJOR IN COMPUTER SCIENCE

All courses in this section are required				
CMPS 2010 - Programming I: Programming Fundamentals (4.00)	\leftarrow	CIS 250 - Introduction to Object Oriented Programming-C++ (3.00)		
		Or		
		CIS 284 - Introduction to Object Oriented Programming-Java (3.00)		
CMPS 2020 - Programming II: Data Structures and Algorithms (4.00)	←	CIS 252 - Introduction to Data Structures-C++ (3.00)		
		Or		
		CIS 286 - Introduction to Data Structures-Java (3.00)		
CMPS 2120 - Discrete Structures (4.00)	\leftarrow	CIS 262 - Discrete Mathematics for Computer Science (3.00)		
CMPS 2240 - Computer Architecture I: Assembly Language Programming (4.00)	←	CIS 242 - Computer Architecture and Assembly Language (3.00)		

	Or
MATH 2510 - Single Variable Calculus I (4.00)	← MATH 251 - Analytical Geometry and Calculus I (5.00)
MATH 2000 Civil Verille Cil. Lett G. Feriver (4.00)	— N. C A.C. bred
MATH 2320 - Single Variable Calculus II for Engineers (4.00)	← No Course Articulated Or
MATH 2520 - Single Variable Calculus II (4.00)	← MATH 252 - Analytical Geometry and Calculus II (5.00)
Single Variable Edicalds II (1.66)	Harri 202 Amary treat declined y und ediculas in (5.00)
PHYS 2210 - Calculus-Based Physics I (4.00)	← PHYS 250 - Physics with Calculus I (4.00)
*	
PHYS 2220 - Calculus-Based Physics II (4.00)	PHYS 260 - Physics with Calculus II (4.00)
Salact 1 Course	(s) from the following
BIOL 1009 - Perspectives in Biology (3.00)	← BIOL 110 - Principles of Biology (4.00)
	Or
PIOL 1020 Principles of Ecology (2.00)	← No Course Articulated
BIOL 1039 - Principles of Ecology (3.00)	Or
BIOL 2010 - Introductory Biology - Cells (4.00)	← BIOL 230 - Cell and Molecular Biology (5.00)
	Or
CHEM 1000 - Foundations of Chemistry (3.00)	← CHEM 210 - General Chemistry I (5.00)
	 Course is articulated in more than one agreement but credit can only apply to one
	Or
GEOL 2010 - Physical Geology (4.00)	GEOL 100 - Introduction to Geology (3.00)
	And
	GEOL 101 - Geology Laboratory (1.00)
	Articulates as a sequence only
-	Or
	Or
